

ACTION TAKEN REPORT (ATR-2020)

The Internal Quality Assurance Cell of the ThunchathEzhuthachan Malayalam University has elicited the annual feedback from all its stakeholders viz: students, alumni, industry and peers. The feedback is collected in tune with the Choice based Credit and Semester system (CBCS) which was introduced from the very beginning of the establishment of University. Restructuring of curriculum in all the departments are usually done every third year. But if it is necessary each department can revise its curriculum with the permission of Academic Council. Every year IQAC collects feedback from the respective stakeholders and takes action. The present year also IQAC collected feedback by distributing questions regarding curriculum, assessment and continuous assessment evaluation practices and student progression and mobility. After consolidating the opinions from the feedback, the IQAC identified the following areas for further step.

- Regarding updation of the curriculum
- Effective implementation of continuous assessment practices such as assignments, seminar, attendance and internal exams.
- Question paper setting at the end of each semester
- Assessment and evaluation
- Student Progression and placement

Considering the above matters IQAC has put forward some suggestions and implemented .

On the basis of feedback IQAC took decision to increase number of teachers in question paper setting panel from ten to fifteen. For enriching the knowledge of students, IQAC took action to implement more effectively the skill courses, value added courses and certificate courses. More internships, field projects and industrial visits were recommended by IQAC . IQAC also took action to strengthen career aspiring classes and classes of experts in different fields through faculty council. After the recommendation each school organised more research oriented workshops and classes for UGC-NET exams.
