

ACTION TAKEN REPORT (ATR-2021)

The Internal Quality Assurance Cell of the ThunchathEzhuthachan Malayalam University has conducted the annual feedback from its stakeholders including students, alumni, industry and peers and found to be lacking in certain areas of academic and administrative fluidity. After consolidating the opinions from the feedback, the IQAC has decided to propose the following measures so as to bring necessary changes in the curriculum and administration.

- a) To develop a new OBE curriculum also based on the suggestions put forward by the NEP, July 2020.
- b) To align the curriculum of the various courses as per the new suggestions of the UGC, giving necessary importance to courses and modules of gender, environmentconservation,constitutional values, and professional ethics.
- c) To improve the field exposure and hands-on training of students by including more workshops, internships, field visit and training and project works in every course curriculum in the University.
- d) To improve the infrastructure facilities of the University with additional classrooms, and allied facilities and laboratories.
- e) To improve the evaluation system of the University, by choosing more facilities via digitisation.

- f) To fill the available faculty positions with appropriate and eligible candidates selected by a transparent mechanism so as to increase the faculty strength and impart curriculum effectively.

The Follow-up action

After adequate discussions with the directors of various school, the restructuring of curriculum was made with effect from 2021 admissions integrating all the necessary aspects that were asked for. The new syllabus of each was designed as per OBE patterns. Mapping of the POs and PSO's were made in every syllabus. Internships and field visits were included in many course curricula. Six faculty positions including three assistant professors and three associate professors were filled in the meantime in various schools. An examination management software was acquired from the University of Calicut for the smooth digitisation of the evaluation activities. The Administrative sanction from the Government was obtained for the construction of a new two-stored building housing 12 class rooms, laboratory facilities and faculty rooms.
