

Thunchath Ezhuthachan
Malayalam University

Policy on Infrastructure Augmentation

The Malayalam University has proper systems and procedures for the maintenance and utilization of physical facilities and academic support facilities. The maintenance and upkeep of the classrooms, computer labs, media labs, laboratories, etc. are given by the respective departments, and necessary actions are taken.

The printers and other equipment are repaired and maintained by the respective local service providers. The furniture, including benches, desks, tables, cupboards, and chairs, is repaired and replaced as per requirement. The instruments in all laboratories are regularly maintained, repaired, or upgraded as per the requirements of the respective department.

The campus is regularly cleaned by class IV staff.

A constant water supply is provided to science laboratories for laboratory work.

The drinking water arrangement is made through the borewell water on the campus. The water coolers have been installed for drinking water for students and employees and cleaned regularly.

The university provides hostel facilities for girls and boys in a rented building. The total intake capacity is 86 for boys and 186 for girls.

The Akshram Campus of the Malayalam University is situated on 5 acres at Vettam Panchayat in Tirur taluk of Malappuram district. The total floor area on the Aksharam campus is 50373.15 sq ft. The details of the land and buildings are as follows:
