

Name of Programme : Young Innovators Program
Date of Programme : 20-12-2023
Organized By : School of Development Studies
Resource Person : Sai Krishna C, Intern, YIP Malappuram
No. of Participants : 36
Focused on : Innovation

The Young Innovators Program (YIP), organized by the School of Development Studies, Thunchath Ezhuthachan Malayalam University, on 20th December 2023. The program aimed to foster innovation and creativity among students, encouraging them to address real-world societal and environmental challenges. Sai Krishna C, an intern from YIP Malappuram, served as the resource person for the event, guiding the participants through the goals and structure of YIP. A total of 36 students participated in the session, which focused on stimulating innovative thinking to tackle issues such as environmental degradation, child welfare, elderly care, and waste management.

The program's objective was to motivate students to brainstorm and propose innovative solutions that could address the pressing issues faced by society. Sai Krishna provided valuable insights into the YIP framework, explaining how students could submit their ideas and refine them through collaboration and mentorship. He also shared examples of successful innovations from previous YIP editions, which helped the students understand the impact their ideas could potentially have on the community and environment.

The interactive nature of the session encouraged participants to think critically and work in teams to develop their ideas further. Several innovative ideas were generated during the session, including solutions for environmental protection, improving children's welfare, enhancing the quality of life for the elderly, and managing waste more efficiently. Several

promising ideas were shared, and these have now been submitted to the YIP for further consideration and development. Through this involvement, students have gained valuable opportunities to contribute solutions to real-world problems while building essential skills like collaboration, critical thinking, and creativity.

Brochure of the Programme

Ideas Submitted under YIP 6.0

Idea ID: 56811

Team Members: Thouheeda Soorpil, Shamila Yasmin CM, Arathi K., Arya Babu

Theme: Solid, Liquid, and Hazardous Waste Disposal

Sub Theme: Collection and Segregation System

Idea Summary: Develop a system for the automatic segregation and treatment of waste.

Idea ID: 50381

Team Members: Anjith PS., Shamna CK., Arathi K., Anjana P., Reshma K

Theme: Agriculture, Forestry and Plant Sciences

Sub Theme: Agriculture Extension

Idea Summary: Develop soaps from the extracts of weeds.

Ideas Submitted under YIP 5.0

Idea ID: 25663

Team Members: Anjana P., Chandana P., Sreya R Nambiar

Theme: Agriculture, Forestry and Plant Sciences

Sub Theme: Agro Processing and Storage

Idea Summary: Developing biodegradable grow bags and pots from aquatic weeds.

Idea ID: 28222

Team Members: Jinu K Mathew, Praveen V.,

Theme: Technologies and systems for value addition, productivity enhancement in Traditional industries and Systems

Idea Summary: Live stream the cultural programs happening in Kerala through social media.
(കേരളത്തിൽ നടക്കുന്ന സാംസ്കാരിക പരിപാടികൾ തത്സമയം സാമൂഹിക മാധ്യമങ്ങളിലൂടെ സംപ്രേഷണം ചെയ്യുക)

Idea ID: 24143

Team Members: Shijo Wilson, Dharsana C., Abhijith C

Theme: Problems of Elderly

Idea Summary: Trained care workers for assisting elderly

Idea ID: 28042

Team Members: Prabisha KP., Muhammed Junaid P., MushirifaPookkayil

Theme: Problems of Children

Sub Theme: Education/Learning Innovations

Idea Summary: Record NCERT textbooks and make them available on dedicated online platforms.
